(KONDA-YAHADIAN)

Konda, spoken in the villages Konda and Sisir in the Teminabuan district, and Yahadian seem to be dialects of the Konda-Yahadian language. Speakers of the Mugim-Yahadian variety claimed that they could easily understand Konda speakers. They also claimed that they could not understand Tehit, and that they hardly understood Puragi and the language of Makororo, a village on the Kais river where a dialect of May Brat is spoken.
