West Irian: A Bibliography (van Baal, Galis, Koentjaraningrat 1984) [1,000+ citations]

Although now 25 years old, this book remains the most comprehensive annotated reference and finding aid available for research related to Indonesian Papua. Any effort to compile a new bibliographic resource for the territory should consider carefully the annotations and classificatory structure of this bibliography. This book is available on Papuaweb.org as a facsimile copy and as a full-text (interpolated) digital document and includes Nienhuis's *Inventaris van het Rapportenarchief van het Kantoor voor Bevolkingzaken, 1951-1962* [900+].
